Date of Birth:

10 June 1959

Dr. Ahmed's career has been a combination of multidimensional tasks that entail, roles played in various positions in the field of administration in civil bureaucracy, socio-economic development in rural Bangladesh, and teaching mature students at home and abroad.

His academic qualifications have ultimately focused on those. After obtaining MBA degree, Dr. Kamal Uddin Ahmed worked as an executive in a Multinational Company (Siemens AG).

Throughout his 29-year career (excluding higher study periods) in the Civil Service of Bangladesh, the focus of work has been on policy planning, implementation and coordination at the central secretariat of the government, executive job in the field administration, human resource development, socio-economic development,

identification of people's vulnerability, especially of children and women owing to poverty, malnutrition and societal negligence, and alleviation of rural poverty. A degree in law and an experience as a magistrate, have enabled him to precisely comprehend human rights issues, the social justice system and how unlawful activities occur that contribute to enhance misery of poverty stricken people.

Degrees in Development Studies and Development Education have contributed to his academic and professional development to grasp intricate issues distinctively, conduct research on various issues and present papers at seminars and conferences, develop academic curricula and manage training courses successfully.

Dr. Ahmed's experience in the Government of Bangladesh as a career civil servant has helped him to grasp and interpret the value of administrative environment more precisely, contribute to effective communication for development of work oriented conducive interpersonal relationship and healthy atmosphere for effective governance. He has been able to work efficiently in policy planning, coordination, implementation and control, formally structure 2 goals and implement those effectively, negotiate policy issues for bilateral and multilateral agreements. I shall be glad to present details about these with relevant certificates if desired.
